REGIONAL ORGANIZATION FOR THE PROTECTION OF THE MARINE ENVIRONMENT

المنظمة الإقليمية لحماية البيئة البحرية

Ref: 026/18-RHD

Dated: 14/02/2018

Gulf Environment & Waste FZE  
P.O.Box: 17168  
Jebel Ali, Dubai  
U.A.E.

**Subject: Waste License for Ensuring the Adequacy of  
Waste Removal, Reception & Treatment Facilities**

Dear Sir,

In accordance with the Regional Protocol Concerning Co-operation in Combating Pollution by Oil and Other Harmful Substances in Case of Emergency, Article III/ 3-(e) and (f), the Marine Emergency Mutual Aid Centre (MEMAC) has carried out a full MARPOL 73/78 investigation and verification on the company Gulf Environment & Waste FZE.(GEW)

Accordingly, MEMAC would like to confirm that the company Gulf Environment & Waste FZE based in Jebel Ali, Dubai have all the relevant licenses and authorizations from EHS, JAFZA and the right experience, facilities for the collection, transport, treatment, and disposal of all types of oil sludge, chemicals, slops which are generated from ships, service stations and other land based industries, collection, transportation by land / sea, segregation, treatment and disposal of oil, oily wastes, drilling waste (offshore & onshore) chemical and hazardous wastes.

GEW have clearly demonstrated that they have covered all the requirements in accordance with MARPOL 73/78 Convention, related Annexes I, II and III and other related instruments as well as ROPME Council's various Decisions and requirements, where the company could operate within ROPME Member States Sea Area.

Accordingly, MEMAC has issued this statement to confirm its approval for the safe use of Gulf Environment & Waste Services under MARPOL 73/78 in the ROPME Region.

Yours faithfully,

Captain A. M. Al-Janahi  
Director

**Subject: Waste License for Ensuring the Adequacy of  
Waste Removal, Reception & Treatment Facilities**

Dear Sir,

On the request of the Gulf Environment & Waste FZE for approval to operate as an approved Reception Facility for ship-waste in accordance with MARPOL 73/78 Convention, the Marine Emergency Mutual Aid Centre (MEMAC) has visited and inspected the GEW facility and verified all of the equipment, manpower, documents and all the related items to the Reception Facility.

Accordingly, MEMAC would like to confirm that the company Gulf Environment & Waste FZE based in Jebel Ali, Dubai have all the relevant licenses and authorizations from EHS, JAFZA and the right experience, facilities for the collection, transport, treatment, and disposal of all types of oil sludge, chemicals, slops which are generated from ships, tank bottoms, service stations and other land based industries, collection, transportation by land / sea, segregation, treatment and disposal of oil, oily wastes, drilling waste (offshore & onshore) chemical and hazardous wastes.

GEW have clearly demonstrated that they have covered all the requirements in accordance with MARPOL 73/78 Convention and other related instruments as well as ROPME Council's various Decisions and requirements, where the company could operate within ROPME Member States Sea Area.

This advice is valid till the 31<sup>st</sup> of December 2017 the date of inspection.

Yours faithfully,

Captain A. M. Al-Janahi  
Director
